FALL HAUL

BUY MORE, EARN MORE!

From September 20 to October 8, 2021, you'll earn a $25 VISA gift card every time you purchase $1,000 worth of the products in this book through our branches or your sales representative. You'll earn a $50 VISA gift card when you make your qualifying purchases through our Online Store. We'll track your purchases for you and distribute gift cards in November, just in time for the holidays!

Need online access to your account? Click here!

PROMOTION DETAILS:

- Only products listed in this book qualify for this gift card promotion.
- The promotion runs September 20 through October 8, 2021. During this time, your purchase of the items in this book can be made however you choose; in our branches, through your sales representative or through our Online Store. You'll earn a $25 VISA gift card every time your purchases through branches and sales reps total $1,000. You'll earn a $50 VISA gift card every time your purchases through our Online Store total $1,000.
- Qualifying purchases do not need to be made on the same invoice. The Granite Group will track your purchases and issue gift cards in November 2021.
- You must pick up or take delivery of your orders by October 31, 2021 for them to qualify.
- Partial gift cards will not be awarded. For example, if you order $8,825 worth of qualifying products through our Online Store you will be awarded (8) $50 gift card
- The gift card reward amount is capped at $5,000 per company.
- Purchases made through specially negotiated pricing agreements do not qualify for this promotion.
- Wholesale business competitors and employees of The Granite Group are not eligible to participate in this promotion.

THE GRANITE GROUP
SOLID AS OUR NAME

Taco Comfort Solutions
A Taco Group Company

5000 Series Mixing Valve

Control hot water temperatures to your domestic system with mixing valves available for point of use (ASSE1017) and point of distribution (ASSE1070) installations. The expanded line up of 5000 and 5120 series is the ultimate performer for increasing domestic hot water availability and safety.

5000 Lead-Free Series

5120 Lead-Free High Flow Series

5120 Lead-Free Low Flow Series

5123–WH-N Series (Direct Mount)

NSF
Certified to NSF/ANSI 61-G

All union models are available with a stainless steel temperature gauge as shown here.

- **ASSE 1017** – *Temperature Activated Mixing Valves for Hot Water Distribution Systems* - applies to mixing (tempering) valves not intended to control the final temperature at end-of-use applications. Applies to valves located at point of distribution such as water heaters. Not used to control final temperature of water delivered to user.

  Taco Models – 5002, 5003, 5004, 5122, 5123, 5124 (85 - 176°F)

- **ASSE 1070** - *Water Temperature Limiting Devices* – applies to valves limiting maximum temperature of hot water to reduce the risk of scalding – primarily used for point of use hand washing and tubs but not suitable for shower valves.

  Taco Models – 5122, 5123, 5124 (85 - 120°F)

WHY SETTLE FOR LESS THAN PERFECT COMFORT?

MITSUBISHI ELECTRIC

COOLING & HEATING

- Perfect temperatures in each zone during summer and winter.
- Up to 40% more efficient than standard systems (up to 30 SEER).
- Control each zone individually or centrally from your smart phone
- Models available from one to eight zones.
- H2i® family of Hyper-Heating INVERTER™ Systems - Full heating capacity down to 5° F.

TOTAL HOME COMFORT: THE LITTLE LUXURY YOU'LL NOTICE EVERY DAY!

For more information on becoming a Mitsubishi Customized Comfort Dealer, please call Brian Miller at 603.491.6011 or visit www.CustomizedComfort.com

Streamline®

ACR COPPER PRESS FITTINGS

Streamline® ACR Copper Press Fittings are the industry's most innovative and reliable press fittings for refrigerant applications. With dual sealing elements and three points of 360° circular crimping, Streamline® ACR Press Copper Fittings are compatible with leading press tools on the market and provide a level of copper joining performance second only to brazing.

QUICK FACTS

- Available in diameters ranging from 1/4" to 1-1/8" OD
- Industry's only press fitting with T.R.A.P. Technology, featuring DuoSeal™ Ring Design
- Similar patterns and lay lengths as traditional braze copper fittings
- Compatible with R410A and other commonly used refrigerant gases and oils
- Jaws compatible with leading full-size press tools on the market
